

# Pineal Gland - Third Eye Activation Workshop

*Orchestrated with Sacred Sound and Light*

**Saturday, December 1, 2018**  
**9:00am - 11:00am**

## Your Commitment to Spiritual Expansion Counterbalances Chaos and Fear

At this workshop, you will experience an activation ceremony that includes a guided meditation and visualization with Sacred Sound and Light. This experience stimulates, activates, and awakens the pineal gland/third eye for spiritual expansion and deepens your connection to oneness.

The Pineal Gland is often called the Seat of the Soul. It is a small rice-sized, pine cone-shaped endocrine gland that sits in the middle of the brain at the same level as the eyes, it's also referred to as the third eye in the chakra energy system. The Pineal Gland responds to brainwave entertainment methods such as sound, toning, chanting, voice, music and all forms of love.

The Pineal Gland Activation Meditation and Visualization was so AWESOME.  
I am so grateful for you and the radiance you are in the world!  
- Michele Rae, Center Within

## Who Should Attend This Workshop

Individuals committed to sharing their gifts, talents, strengths and radiance with the world.

Chaos, fear and darkness dull the Pineal Gland/Third Eye. Joining forces with others committed to self-love, love for others, love for the planet and the universe activates our light within. It allows for more light to shine.
